The following Act, passed by the Governor General of India in Council, on the 16th April 1852, is hereby promulgated for general information:

ACT No. XXI. of 1852.

An Act to authorize the employment of Uncovenanted Deputy Collectors in the Presidency of Bombay.

Whereas the exigencies of the public service require the employment of Uncovenanted Deputy Collectors in the Revenue Department within the Presidency of Bombay, it is hereby enacted as follows:

I. The Governor of Bombay in Council may appoint in any Zillah or District within the said Presidency, one or more Uncovenanted Deputy Collectors, with the powers hereinafter mentioned.

II. Every person appointed a Deputy Collector under this Act shall, before entering upon the duties of his office, make and subscribe a solemn declaration to the same effect as the oath prescribed in Appendix A. annexed to Regulation XVI. of 1827 of the Bombay Code, the words "the East India Company" being inserted in such declaration, instead of the words "the United Company of Merchants of England trading to the East Indies," and the words "United Company" in the said oath contained, and such declaration shall be made and subscribed either before Her Majesty's Supreme Court of Judicature for Bombay, the Court of Sadder Dewanny Adawlut of Bombay, any Judge on circuit in the Zillah, in which such Deputy Collector may be appointed, the Judge, Collector or Magistrate of that Zillah, or such other person as may be deputed or authorized by any order of the said Governor in Council to take or receive such declaration.

III. Deputy Collectors appointed under this Act shall discharge such of the duties and exercise such of the powers of the Covenanted Assistants in the Revenue Department, as shall be prescribed from time to time in each case by the Governor of Bombay in Council, and shall be subject to the same control and authority in all respects as such assistants respectively.

IV. Section XI. of Regulation XVI. of 1827, of the Bombay Code, shall be applicable to Deputy Collectors appointed under this Act, who shall hold their Offices subject to the provisions of the said section.

V. No Deputy Collector appointed under this Act shall be dismissed from Office without the sanction of the Governor of Bombay in Council. Whenever there is reason to believe that a Deputy Collector is disqualified, by neglect, incapacity, corruption, or other misbehaviour, for continuance in office, a report shall be made by his superior in the Revenue Department for the consideration and orders of the Governor of Bombay in Council, who shall be competent to suspend such Deputy Collector, and order a further enquiry into his conduct, or direct his immediate dismissal, as may appear just and proper.

NOTIFICATION.

FOREIGN DEPARTMENT,

FORT WILLIAM, the 28th April 1852.

The Governor General in Council, having failed to obtain redress from the Court of Ava for injuries which had been inflicted on British Subjects, in gross violation of existing Treaties, was compelled to declare that reparation should be exacted by force of Arms.

To that end an Expedition was immediately prepared and despatched to the Coast, in the hope that a blow promptly struck against the Burmese Power might possibly lead to a concession of the just and moderate demands advanced by the Government of India, and might thus avert the necessity for engaging in extended and costly war.

The Governor General in Council has had the satisfaction of publishing, for general information, Despatches, which announce the success of the Expedition, in the capture of Martaban, in the destruction of the formidable defences constructed along the River, and in the assault and occupation of the fortifications of Rangoon.

The Governor General in Council cannot employ terms too strong in expressing his unqualified approbation of the brilliant service which has thus been performed, and his gratitude to those by whose joint exertions it has been achieved.

His admiration is due equally to the perfect cordiality and concert with which Navy and Army have acted together, to the gallantry which has been conspicuous in the Field, and to the fortitude and patience with which all have endured, without a murmur, a fierceness of climate, whose deadly influence is unhappily too well attested by the number of those who have fallen victims to its effects.

The Governor General in Council especially desires to offer to the Commander-in-Chief of Her Majesty's Naval Forces in these Seas his warm acknowledgments of the ready co-operation, and of the very effective aid which His Excellency has afforded to the Government of India, by the powerful Squadron under his command, whose operations he has so ably directed, and in whose services he has borne so distinguished a part.

To Lieut-Genl. Godwin, Commanding the Forces in Ava, the Governor General in Council begs leave to tender his most full and cordial thanks, for the manner in which, by his intrepidity, his energy and ability, he has brought the Military Operations of the Force to their present successful issue; and to congratulate him upon having thus won fresh and higher honors upon the same scene on which he formerly gained so much distinction.

The Governor General in Council has great satisfaction in publicly rendering to Commodore Lambert his sincere acknowledgments of the promptitude with which he gave his assistance to the Government of India, of his constant exertions on its behalf during a trying service, and especially of the prominent share he has now borne in the destruction of the River defences; thus materially facilitating the movements of the Squadron and the ultimate success of the attack.

The best thanks of the Governor General in Council are due to Brigadier Elliott, Commanding the Madras Brigade, and to Lieutenant-Colonel Reignolds, who, after having taken a part in every operation of the Troops, has assumed the command of the Bengal Brigade, from which illness, which the Governor General in Council regrets, has removed Brigadier Warren.

The Governor General in Council is happy to record his appreciation of the essential service rendered by Captain Lynch, the senior officer of the Indian Navy, to whose ability, judgment, and discretion His Excellency the Rear Admiral has borne his testimony on this occasion.

And His Lordship in Council at the same time desires to mark his sense of the services of Commander Mellersh, of Commander Fishbourne, by whose aid the Government has largely profited; of Commander Tarleton, Commander Luard, Lieutenant Rice, R. N., Captain Niblett, of H. C. S. "Phlegethon," and of Surgeon Minter, whose personal exertions have been severally commended by His Excellency.

The Governor General in Council has to add his marked acknowledgments of the valuable assistance afforded during the attack on the land defences of Rangoon by Lieutenant Doreille, R. N. and the Naval Brigade under his orders.

The Governor General in Council has further remarked with gratification the distinguished conduct of Captain Brooking, of H. C. Steamer "Proserpine." His Lordship in Coun-

ed wishes to express his warm approbation of conduct which has elicited the applause, both of the Admiral, and of the General who witnessed it.

The conspicuous gallantry of Major Fraser, commanding the Engineers, and his indefatigable exertions since the expedition was resolved upon, more especially in the field, command the highest praise and the best thanks of the Supreme Government.

To Lieutenant Colonel Foord, Commanding the Artillery; to Major Turtton and Major Reid, of the Bengal Artillery; to Major Montgomerie, of the Madras Artillery; to Lieutenant Colonel Coote, of Her Majesty's 18th, who has been severely wounded; to Lieutenant Colonel Thomson, of the 40th Native Infantry; to Lieutenant Colonel Johnson, of 26th Madras Native Infantry; and to Major Lockhart, of Her Majesty's 80th Regiment; to Captain Mayhew, Deputy Adjutant General, whose value is specially remarked; to Captain Allan, Deputy Quarter Master General; to Captain Call and Captain Smith, Brigade Majors; to Lieutenant Robertson, Deputy Commissary of Ordnance; to Captain Gillespie, who led the assault at Martaban, and Captain Campbell, of Her Majesty's 18th; to Captain Randall, Commanding Madras Sappers and Miners; to Captain Chada and Lieutenant Lambert, Aides-de-Camp to the Lieutenant General, the services of all of whom have been noticed with approbation by General Godwin, the Governor General in Council begs to offer his earnest thanks.

The Governor General in Council has to offer his thanks to Lieutenant Colonel Bogle, Commissioner of the Tenasserim Provinces, for the valuable aid he rendered to General Godwin in connexion with the attack upon Martaban; and His Lordship in Council particularly desires to record his approbation of the energetic and successful exertions of the Commissioner in giving effect to the preparations of the Government for ensuring, as far as possible, the health and comfort of the troops to be employed upon the expedition.

Captain Latter, who has discharged his functions hitherto to the entire satisfaction of the Government, has added to his claims by the duty which he well performed in the assault on the Pagoda at Rangoon.

Not only to the Officers he has thus specially named, but to all the Officers, to the Non-Commissioned Officers, of whatever designation, and to the Soldiers and Sailors of the force, the Governor General in Council desires to convey his true and hearty thanks for the alacrity, the endurance, the bravery and good conduct they have displayed during the several operations in which they have been engaged.

The Governor General in Council deeply laments to know that our success has not been achieved without the sacrifice of valued lives.

He deplores the loss of Major Oakes and of Brevet Major Griffiths, of the Madras Artillery; of Lieutenant Armstrong, of H. M.'s 51st Regiment; of Lieutenant Donaldson, of Bengal Engineers; of Lieutenant Doran, of H. M.'s 18th, who nobly perished in the front of the assault; and of the Reverend Mr. Baker, Chaplain of H. M.'s Ship "Fox," and other brave men who died in the performance of their several duties in the service of their country.

It shall be the first care of the Most Noble the Governor General in Council, to bring the conduct and services of the Naval and Military forces on the Coast of Burmah under the most favour-

able notice of Her Majesty's Government and of the Hon'ble East India Company.

By order of the Most Noble the Governor General in Council.

Proceedings of the Squadron employed in the Rangoon River.

" RATTLER," RANGOON RIVER, 9TH APRIL 1852.

TO THE OFFICIATING SECRETARY TO THE GOVERNMENT OF INDIA,

Foreign Department, FORT WILLIAM.

SIR,

I have the honor to request you will be pleased to inform the Most Noble the Governor-General, that agreeably with the intention expressed in my letter of the 25th ultimo, the Rear-Admiral Commander-in-Chief hoisted his Flag on board Her Majesty's Steam Sloop "Rattler," and, accompanied by Her Majesty's Steam Sloop "Salamander," left Penang on the 28th March.

On the 1st April, His Excellency arrived off the mouth of the Rangoon River, where he found lying, Her Majesty's Ships "Fox" and "Serpent," Hon'ble Company's Steamers "Philegethon" and "Proserpine," three Transports, and the Ship taken from the King of Ava. On the following morning, the Steamers and Transports named in the margin arrived from Calcutta with the Lieutenant-General Commanding the Forces on board, and the "Salamander" came in shortly after.

The "Proserpine" was sent to Moulmein the same day, to give notice of projected movements, and on the 3rd instant the "Rattler," bearing His Excellency's Flag,—the "Hermes," with the Commander of the Forces on board,—and the "Salamander," sailed for Moulmein. Receiving Troops on board there to the number of fifteen hundred, the Squadron proceeded off Martaban, and assisted at the capture of that place on the 5th

instant, the particulars of which the Commander of the Forces will have the honor of communicating to His Lordship. The "Hermes" grounded too far off to be of much use. The "Salamander," owing to her draught of water, could not come so near as was desirable: nevertheless, the shelling was most effective. The "Rattler" took up an admirable position, two hundred and fourteen yards from the Stockades: her shot and shell did much execution. The "Proserpine," admirably managed by her able Commander (whom His Excellency would beg to bring under favorable notice), received the Troops from the larger Steamers and landed them, and at the same time kept up a constant fire upon the Stockades. The only casualties that occurred in the Squadron were on board the "Rattler," where one seaman was wounded in the arm, and two of the Madras Native Infantry.

On the 7th instant, eleven hundred European Troops, with Camp-followers, Baggage, &c., were embarked in the Squadron and the Transport "Jessie," and all sailed for the rendezvous, arriving on the 8th and — instant.

TO THE OFFICIATING SECRETARY TO THE GOVERNMENT OF INDIA,

Fort William.

SIR,

I have the honor to inform you, by desire of the Rear Admiral Commander-in-Chief, that, in compliance with an arrangement entered into between the Lieutenant-General Commander of the Forces and His Excellency, Commodore G. R. Lambert, in Her Majesty's Ship "Fox," ascended this River, in force, on the 4th instant, for the purpose of destroying the Stockades below Rangoon, thus clearing the way for the advance of the Squadron.

I have the honor to enclose a copy of a letter from the Commodore, reporting the execution of this service, in a manner which, in the opinion of the Rear Admiral, must meet with approval.

I have the honor to be, &c.,

"FOX," IN THE RANGOON RIVER, 6th April 1852.

TO HIS EXCELLENCY REAR ADMIRAL C. J. AUSTEN, C. B.,

Commander-in-Chief.

SIR,

In pursuance of the instructions I had received from your Excellency, I proceeded up the Rangoon River on the afternoon of the 4th instant, taking under my orders Her Majesty's Sloop "Serpent" and the "Tenasserim" and "Phlegethon" Steamers, belonging to the Hon'ble East India Company, with three Companies of H. M.'s 18th Regiment under the Command of Lieutenant-Colonel Coote. I anchored off the Bassein Creek the same evening.

At day-light, on the morning of the 5th, I again weighed and went up the River, having previously given directions to Commander Luard, with the "Serpent" and "Phlegethon," which I placed under his orders, with one Company of the 18th Regiment to attack and destroy the DeSylvia Stockade, which service he most effectually performed.

I proceeded myself with the "Fox" and "Tenasserim" to the Dunnout, and a new stockade that had recently been erected nearly opposite on the other side of the River; as we approached the Enemy opened an ill-regulated fire on us, two of their shot striking the "Fox," which was soon silenced by Her Majesty's Ship and the Steamer. The Troops and the Marines of the "Fox" were then landed, and by the evening both stockades were burnt, and the whole force re-embarked without any casualty.

I have great satisfaction in stating that the energy and good feeling displayed by both services in performing this duty, was such as to meet my highest approval; and I have to express my thanks for the assistance I received from Lieutenant-Colonel Coote and Commanders Tarleton and Luard, as well as from the Commanders of the Hon'ble East India Company's Steam Vessels of War, "Tenasserim" and "Phlegethon."

I have, &c.,

Commodore.

"RATTLER," AT RANGOON, 16th April, 1852.

SIR,

In continuation of my letter of the 9th instant, reporting, for the information of the Most Noble the Governor General of India, the proceedings of the Naval Squadron employed in these Waters, I have the honor further to report, by desire of the Rear Admiral Commander-in-Chief, that on the 10th instant the Ships, Steamers and Transports commenced an advance up the River, and anchored below the Hastings' Shoal that evening.

The "Zenobia" had been sent a part of the way up on the day previous, for the purpose of watering, but, grounding on the De Sylva's Shoal, was unfortunately unable to get out of her difficulties in time to take a part in the proceedings against Rangoon.

A copy of the Rear Admiral's Order to advance is annexed (enclosure No. 1), by which it will be seen that it was intended on the following morning (Easter Sunday) to anchor above the Shoal, but out of the range of fire from the Enemy. I have the honor also to enclose a copy of the General Order for the proceedings of the Squadron while off Rangoon (enclosure No. 2). Some alteration had, however, to be made in the arrangements proposed. It was found that there would not be room for all the Ships to anchor above the Shoal out of gun-shot, without a risk of their grounding, and it was for some time debated whether the Squadron should remain below the Shoal until Monday, or advance on the Sunday morning to take up their positions off Rangoon, and risk the commencement of the action on that day. The tides and other causes decided the Authorities on adopting the latter course, and accordingly the Shoal was crossed on the morning of the 11th by each Ship as the water served. When the first vessels had anchored above it, the Dagon Pagoda fired several guns, apparently with a view to call in the people. Upon the Hon'ble Company's Steamers "Feroze," "Moozuffer" and "Sesostris," taking up their positions, fire was opened upon them from the Stockades on either side, which was returned with shot and shell. In the course of an hour an explosion took place, the importance of which was only afterwards discovered. It was that of a Stockade mounting nine eighteen-pounder guns, well planted, and would doubtless have done great mischief to our shipping, if not thus accidentally silenced so early. Upon the "Fox" advancing to take up her position, she poured effective broadsides into the Stockades on both sides of the river. After consulting the Lieutenant-General Commander of the Forces, the boats of the "Fox" landed, with a party of Seamen and Marines, and a Company of the 18th Royal Irish, and, under cover of the Ship's Guns, stormed two Stockades on the Dalla side. Although a rapid fire of musketry was kept up from many hundreds of the Enemy in these defences, yet this service was happily effected with but one man wounded on our side. Her Majesty's Sloop "Serpent" and the Hon'ble Company's Steamer "Phlegethon" then passed up the river, and anchored above Kemmendine, in order to capture the War-boats and to prevent fire-rafts being sent down upon the Squadron. The "Rattler" and "Tennasserim" next advanced along the line, and succeeded in silencing three more Stockades. The party before alluded to, in the boats of the "Fox," and a few Seamen, with thirty of the Royal Irish from the "Rattler," stormed another on the Dalla side, driving hundreds of the Enemy out of it into the jungle. All the Stockades that had been taken were then set fire to, and burnt in succession. The Ships returned to their respective positions in readiness to land the Troops, which commenced at 4 o'clock on the morning of the 12th, without opposition from the enemy. It was discovered that the Dagon Pagoda was not so far from the Ships as was laid down in the Charts, being at a

good shelling distance; the Ships accordingly commenced throwing shells into it. In the course of the evening a Magazine blew up, and the outskirts of the Pagoda were set on fire in several directions, creating great confusion among the Enemy. Shells were occasionally thrown from the ships on the 18th instant during the day and night, frequently setting fire to the Stockades in various places. On the afternoon of that day, a large party of Men, with two elephants and riders, were seen to leave the Pagoda. It was afterwards understood that this was the Governor of Rangoon, who had quitted the Pagoda in despair of being able to hold it.

It will be the pleasing duty of the Commander of the Forces to report the advance of the Troops and the gallant storming of the White House Stockade about half a mile from the landing place, and ultimately the storming and capture of the Dagon Pagoda.

The Rear-Admiral desires further to observe that he leaves to the Lieutenant-General to report upon the conduct of the small Naval Brigade, composed as per margin,* under the Command of Senior Lieutenant S. W. Dorville, of the Flag Ship, employed with the Forces upon this occasion, in the utmost confidence that ample justice will be done to them.

Enclosure No. 3, is a List of the Casualties that took place in the Squadron while employed upon this service, and His Excellency desires to remark that it is a subject not less of surprize than thankfulness that so few have taken place on the occasion.

"RATTLE," AT RANGOON, 16TH APRIL 1852.

TO THE MOST NOBLE THE MARQUIS OF DALHOUSIE, K. T.,
Governor General of India in Council, &c. &c. &c.
FORT WILLIAM.

MY LORD MARQUIS,

While congratulating your Lordship on the success that has hitherto attended the Expedition against Burmah, in the storming and capture of the strongholds of "Martaban" and "Rangoon", I trust your Lordship will permit me to bring under notice the support that I have received from all the Officers and men under my Command, forming the Naval part of the Expedition. The embarking and

disembarking the Troops, Baggage, and Military stores, the arrangements for the Transports and for victualling the combined Forces has furnished almost incessant night and day work for the Officers and men under my Orders. It has been done on all sides with the utmost cheerfulness; and this large force has been moved up a rapid river without any accident of moment having occurred, and I have, up to the present time, to thank every Officer and man employed under my orders for the cheerful manner in which they have undergone so much toil in this distressing climate.

To the Commodore I feel under special obligation. His local knowledge proved valuable, as his judgment and discretion were most useful. It would be impossible to value the services of an Officer, second in command, more highly than I do those of the Commodore.

Captain Lynch, Senior Officer of the Indian Navy, has, by his ability, judgment and discretion, rendered essential service.

Commander Mellersh, of my Flag Ship, and Commanders Fishbourne and Tarleton have rendered every possible assistance in carrying out all necessary arrangements. I was an eye-witness to Commander Tarleton's bravely leading his men to storm a Stockade, to his being the first to mount the walls and enter it. Commander Luard, of Her Majesty's Sloop "Serpent," has been employed many months in these waters; a more zealous and indefatigable Officer is not to be met with, and relying upon his ability, he has frequently been placed in charge of responsible duties. With the assistance of the Honorable Company's Steamer "Phlegethon," commanded by G. T. Neblett, Esq., he destroyed the DeSylvia Stockades. When the action on the 11th April commenced, he passed along the line of fire in the Sloop under his Command to above Kemmending, for the purpose of preventing the removal of the War-boats, and while on this service, he was attacked by a very important Stockade, and an Officer (Mr. G. Sproull, Assistant Surgeon,) and seven of his men were wounded, but which he ultimately succeeded in silencing. Before the commencement of the War, he took great pains in surveying the Coast and River, and his information was afterwards of great use.

The Commanders and Officers of the Indian Navy, and of the Hon'ble Company's Uncovenanted Service have, without a single exception, performed their duties with all possible alacrity. Commander Brooking of the "Proserpine" had, at Martaban, an opportunity of particularly distinguishing himself, of which he took good care to avail himself, and it is with great regret that I found myself under the necessity of leaving him at Moulmein for the protection of British interests, and thus losing his valuable services here.

Lieutenant George Rice, in temporary command of the "Maha Nuddee," rendered essential service to the cause. Admirably handling his little vessel, he landed men on the beach to storm Stockades, covering their landing with his own guns, and at the storming of them, he was to be seen among the foremost ranks. In landing men, stores, and baggage, and ascending the narrow creeks of this river, the "Maha Nuddee," has proved most useful.

Senior Lieutenant J. Dorville, of my Flag Ship, commanded the Naval Brigade at the capture of Rangoon; and from the flattering manner in which the Commander of the Forces has been pleased to speak of his services, I feel assured he must be honorably mentioned in the Lieutenant-General's Despatches.

Among those that have fallen victims in the service of their Country upon this occasion, it is my painful duty to record that of the Rev. Thomas T. Baker, Chaplain of Her Majesty's Ship "Fox." Incessantly employed in administering to the wounded and dying, and in burying the dead, he fell a victim to the prevailing epidemic, cholera, on the 16th instant, leaving, I am informed, a widow and young family, who were wholly dependent on him for support.

I was an eye-witness to the indefatigable exertions of Dr. Minter, Surgeon of the "Fox," at the Hospital on shore, and on board the "Tubal Cain." Dr. Montgomery, Superintending Surgeon, expressed himself to me as being under the greatest obligations to him for his assistance. In addition to the duties performed by Dr. Minter at the Hospital, he had those of his own ship to attend to, where the cholera had broken out with some virulence. Mr. Seecombe, Assistant Surgeon of the "Hermes," was also employed at the Hospital on shore.

In conclusion, I beg to remark that the whole conduct of the Officers and men under my Orders, employed on the present Expedition, has been such as reflects much credit on themselves, and the Services to which they respectively belong.

I have the honor to be,
 My Lord Marquis,
 Your Lordship's Most Obedt., Humble Servant,
 (Signed) CHARLES JNO. AUSTEN,
Rear Admiral, Commander-in-Chief.

Moulmein, 6th April 1852.

Sir,

I have the honor to acquaint you, for the information of the Most Noble the Governor General in Council, that the force under my command left the Sand Heads on the 20th of March, for the Rangoon River, the place of rendezvous for the combined Force, from Bengal and Madras, where it arrived on the 2nd of April.

In obedience to my instructions, a flag of Truce was immediately sent up to Rangoon, to inquire if any communication had arrived from the Court of Ava, in reply to the terms sent up to

the Burmese Government, for the adjustment of the violences committed on the subjects of Her Majesty by the authorities at Rangoon. The flag was in charge of Captain Latter of the Bengal Army, and conveyed in the Hon'ble Company's Steamer "Proserpine," Commander Brooking.

On reaching the stockades that guarded the river on both its banks, the flag was fired on, and it was only by the excellent arrangement and brave conduct of Commander Brooking that his ship extricated herself, inflicting on the enemy a severe chastisement, by blowing up a powder magazine, and destroying many men.

I found, on my arrival at the rendezvous, that the Madras Division had not made its appearance, nor were there tidings of it, so that I resolved to go to Moulmein, and make arrangements for the capture of Martaban.

In the Rangoon river, I found that Rear-Admiral Austen, c. s., the Naval Commander-in-Chief, had just arrived from Penang in H. M.'s Steamer "Rattler." His Excellency and Commodore Lambert immediately came on board the "Hermes," Commander Fishbourne, in which I had my Head-Quarters, when it was agreed, in conference, that the Admiral would accompany me to Moulmein, with H. M.'s Steamers "Hermes," "Rattler" and "Salamander," sending in advance to the mouth of the Martaban river the H. C. Steamer "Proserpine." We accordingly left the Rangoon river at daybreak on the 3rd April, reached Moulmein the next day at noon. Orders were immediately issued for the Troops to be in readiness for embarkation by 4 p. m. and by that evening a wing of H. M.'s 18th R. I., a wing of H. M.'s 80th Regt., a wing of the 26th Madras Native Infantry, with details of Bengal European Artillery, and Madras Sappers, in all about 1,400 men, were on board.

Martaban stands on a noble sheet of water, with a river line of defences of about 800 yards. Inland lies a large Pagoda, a wall running along the whole front, with an ascent from the water's edge of about 500 feet, on the top of which small Pagodas stand, the slope being partially covered with fine trees and dense jungle.

Arrangements were made for the attack at day-break of the 5th. The Rear-Admiral made every disposition possible, in waters full of shoals and violent currents, for bombarding the position with his five Steamers, and to cover the landing of the Troops. It was the admiration of every one to witness the noble manner the "Rattler" worked her way to within 200 yards of the wall, and close to the Pagoda, doing tremendous execution. I changed from the "Rattler" at six o'clock to superintend the landing of the Troops, and went on board the "Proserpine," a smaller vessel, with my Staff. Colonel Reigolds commanded the attack. At half past 6, the Steamer opened fire, and at 7 the Troops were in the boats, and landed by the indefatigable exertions of Commander Brooking, under a smart fire of musketry and guns. Soon was the storming party under the walls, and over them, with less loss than I thought possible. Lieut. Col. Reigolds immediately ascended to the Pagodas on the height, and took possession of them after some skirmishing with the Enemy.

At 8 a. m. Martaban was our own, and considering the Enemy's position and numbers, which report gives at 5,000 men, we have got it very cheaply.

I have to ask His Lordship's, and the Council of India's, best consideration of the services of Lieut.-Col. Reigolds, of the 18th R. I., to whom is due the credit of this day's endurance of severe fatigue and privation under a burning sun.

To Captain Gillespie, in command of the Grenadiers of the 18th R. I., whom I saw first on the wall, the soldier following him receiving three wounds, to Captain Campbell, who commanded the wing of the 18th R. I.; to Major Lockhart, in command of the wing of the 80th Foot, to Lieut.-Col. Johnston, commanding the wing of the 26th Regt., Madras Native Infantry, and to Capt. Randall, commanding the Detachment of Madras Sappers and Miners, my warm approbation is due.

I beg also to recommend to the consideration of His Lordship in Council, the Assistant Adjutant General of the Force, Captain Mayhew, whose exertions, during the disembarkation of the Troops, tended greatly to its success, as also my Aides-de-Camp, Lieut. Chads, of H. M.'s 64th Regt., and Lieut. Lambert, of the 56th N. I., son of the Commodore, who were highly useful to me during the whole day.

Major Fraser, the Commanding Engineer of the Force, and Major Turton, in command of the Bengal Artillery, were with me the whole day, but from the nature of the Operations, their particular services were not called into play, though they had made every disposition for the efficiency of their respective departments.

It will be obvious from the foregoing how greatly the success of the Operations I have detailed has depended on the co-operation of the sister branch of the Service. His Excellency, Rear-Admiral Austen, c. s., has throughout afforded me the most cordial assistance. Her Majesty's Steamers "Rattler," "Hermes" and "Salamander," worked in concert with the Troops throughout the day.

On my departure to-morrow, I intend to take with me to the Rangoon River the wings of the 18th and 80th Regiments, and the company of Bengal Artillery, and the detachments of Madras Sappers and Miners, doing duty at Moulmein.

In conjunction with Lieut.-Col. Bogle, the Commissioner of these Provinces, I have put the 26th Madras N. I., and a Company of European Madras Artillery, with a suitable Battery of Guns, as a Garrison at Martaban, relievable from Moulmein, when it may be thought desirable.

In addition to which a War Steamer has been placed by the Naval Commander-in-Chief on the Station. These arrangements are, I think, adequate to the protection of the place, and will, I trust, meet with the approbation of the Government of India.

In conclusion, I beg to remark that I am greatly indebted to Lieut.-Col. Bogle, who accompanied me during the whole of the operations of the 5th, and was, from his local knowledge, of much use to me.

I have, &c.,

(Signed)

FROM LIEUTENANT-GENERAL H. GODWIN, C. B.,
Commanding the Forces in Ava, Arracan and Tenasserim,

To C. ALLEN, Esq.,
Offg. Secretary to the Govt. of India, Foreign Department.

SIR,

On my return from Martaban on the 8th of April, I had the satisfaction to find the Madras Division had arrived on the previous day, so that no time had been lost by my going to Martaban.

It was arranged that during my absence at Moulmein, Commodore Lambert should, on the 5th instant, aided by some Troops, destroy the Stockades on the Rangoon River, which had long been troublesome, and had fired on the "Flag of Truce." This had been so effectually performed, as to leave hardly a sign of where the Stockades had stood.

I shall now have the satisfaction of acquainting you, for the information of the Most Noble the Governor General in Council, of the proceedings of this Force, inclusive of the Capture of the Great Dagon Pagoda at Rangoon, and the consequent fall of all around it.

The 9th of April I devoted to making every disposition for the landing of the Troops, and to becoming acquainted with the Heads of Departments of the Madras Division. I informed the Admiral on the evening of that day, that my preparations were complete, and His Excellency proceeded up the River the next day, close off Rangoon. On the 11th, the Admiral moved opposite the old Town, with the intention the next morning to bombard the whole line of Stockades on both banks of the River; but some of the Flotilla, getting very near the shore, were fired on, which brought on a return from our side, and ended in the general destruction of the whole line of Defences, though the fire of the Enemy proved fatal to many on board the Shipping. The Admiral and Commodore took a most distinguished part in the operations, landing and setting fire to all around them. This powerful attack, from the Steam Frigates of both Her Majesty's and the Hon'ble Company's Navy, completely cleared the ground for nearly a mile for our landing. On Monday the 12th, at day-break, the Troops were ready, and by about 7 A. M. I had landed Her Majesty's 51st Light Infantry, the 18th Royal Irish, the 40th Bengal Native Infantry, and part of my Artillery. The Bengal Guns, under Major Reid, were ordered to move in advance, covered by four Companies of the 51st Light Infantry. They had not proceeded far, however, when on opening some rising ground to our right, guns opened on us, and shortly after skirmishers showed themselves in the Jungle. This was a new mode of fighting with the Burmese, no instance having occurred last War of their attacking our flanks, or leaving their Stockades, that I remember ever to have taken place. I make this remark as they are now not only good shots, but bold in their operations, and clever in selecting their ground and covering themselves. Our casualties for the past three days will prove it, our dress exposing us, and their garb and color concealing them.

On looking at the Stockade whence the fire came, I perceived it was a strong work, which used to be called in the last War the "White House" Picquet, a very strong position, and just in the way of our advance. A Battery of four Guns was immediately opened on it by Majors Reid and Oakes, the whole being under the command of Lieutenant-Colonel Foord, Commandant of that Arm. The fire of these Guns was very effective. A storming party was formed of four Companies of the 51st Light Infantry, under Lieutenant-Colonel St. Maur, with the Madras Sappers under Major H. Fraser, Commanding Engineer, and advanced under cover of a Jungle; on getting through which, the Musketry was so steady and effective from the Stockades, and adjoining buildings, that a great many of our party were killed and wounded, amongst whom were several Officers. I have to deplore the temporary loss of Lieutenant-Colonel Bogle, the Commissioner of the Tenasserim Provinces, who was very bravely attending the Army to witness its operation. Major Fraser took the Ladders to the Stockade most gallantly, and alone mounted the defences of the Enemy, where his example soon brought around him the storming party, which carried the Stockade; but at very severe loss on our part.

It was my intention to move on to the main object of our operations; but on looking around me at the complete exhaustion of the storming party, it now being 11 o'clock, under a sun that may be understood, since Major Oakes, of the Madras Artillery, was struck down by it, at his Battery, and died; Brevet Major Griffith, Madras Army, whilst conveying an order, died on the road. Lieut.-Colonel Foord, Commandant of Artillery, was nearly a victim to the heat, and obliged to quit the field. Brigadier Warren and Lieut.-Colonel St. Maur also suffered greatly: so that under such destruction I resolved to halt where I was, and concentrate the Force in as strong a position as the country admitted of. We were teased by parties of the Enemy hovering around us till the night closed, when all was quiet under the protection of our Guns, which had been brought up to the front.

On Tuesday, the 13th, it was reported the heavy Battery Guns could not be landed, and with me, before the middle of that day; and also that rations for the Troops could not be prepared in time to enable me to advance. I therefore held my position till the next morning.

His Lordship in Council knows well the spot where I proposed to force my way into the Great Pagoda; and the road I was about to move on entirely turned all the defences of this real stronghold. The present position of Rangoon is entirely altered since the last War, within a few years, the old Town, which stood on the River bank, has been utterly destroyed, its bricks now lying in heaps on its site. A new Town has been formed about a mile and quarter from the River, it is nearly a square, with a band or mud-wall about sixteen feet high and eight broad; a ditch runs along each side of the square, and on the North side, where the Pagoda stands, it has been very cleverly worked into the defences, to which it forms a sort of Citadel. The distance from the Pagoda to the South entrance of the Town is about $\frac{1}{4}$ of a mile, and it is something more than that breadth from East to West. The old road from the River to the Pagoda, comes up to the South Gate running through the new Town, and it was by this road the Burmese had settled that we should attack it,—and where they had made every preparation to receive us, having armed the defences with nearly a hundred pieces of cannon, and other missiles, and with a Garrison of at least ten thousand men. The attempt to assault on this side, would, I am convinced, from the steady way the Burmese defend their works, have cost us half our Force.

On Wednesday the 14th, the Troops were under arms, at 11 A. M., all in as fine a temper as ever men were. Our march was to the North-west, through thick Jungle, four light Guns, 9 p., their flanks protected by 2 Companies of H. M.'s 80th Regiment, the rest of the Wing of that Corps following with two more Guns, and the 18th Royal Irish and the 40th B. N. I. formed the advance. The 51st L. I. and the 25th M. N. I. were in reserve, the 9th M. N. I. keeping open the communication with the Shipping. We proceeded in this order for about a mile, when we opened the Great

Pagoda, and its fire was turned on us. An excellent position for two Guns was taken by Major Turton, to our left flank—these were left under the command of Major Montgomerie, of the Madras Artillery, who served them well. The ground to the front getting very difficult, barely admitted of the 80th and Royal Irish occupying it in close order. We had now completely turned the Enemy's position, having passed their Stockaded Town, and got opposite the East side of the Great Pagoda—our main object. Major Turton informed me that he had a favorable position to place in Battery his heavy Guns; but it took some time to bring them up—a service in which the Navy Brigade, of about 120 men, under the command of Lieutenant Dorrille, of H. M.'s Frigate "Fox," assisted by the Artillery, rendered their invaluable aid, under a heavy fire of Guns and Wall Pieces from the Great Pagoda and Town, from which they suffered severely: whilst this was going on, the Enemy's Artillery had got the range of our crowded position, and their Skirmishers had somewhat closed on us, and it took 500 men to keep down their fire. The practice of the heavy Battery, under Major Back, was very effective. My intention was to have stormed the Pagoda at noon; but at a little after 11, Captain Latter, of the Bengal Army, my Interpreter, assured me he felt confident from what he could see of the East entrance of the Pagoda, on which our Battery was playing, that the entrance was clear, and that he was prepared to show the way. As our people were dropping fast where we stood, I determined on an immediate assault. The storming party was formed of the Wing of H. M.'s 80th Regiment under Major Lockhart, two Companies of the Royal Irish under Lieutenant Hewitt, and of two Companies of the 40th B. N. I. under Lieutenant White, the whole commanded by Lieutenant-Colonel Coote, of the 18th B. I.—Captain Latter accompanying the party to show the road. The advance to the East entrance of the Pagoda was of about 800 yards, which the Troops crossed in a most steady manner under the fire of the walls crowded with the Enemy, the remainder of the Force following closely. When the storming party reached the steps, a tremendous rush was made to the upper terrace, and a deafening cheer told that the Pagoda no longer belonged to the Burmese. The Enemy ran in confusion from the Southern and Western Gates, where they were met by fire of the Steamers. All the country around has fallen with the Pagoda, and, I understand, the once strong post of Kemmending has been abandoned and destroyed.

In this united service, there has been not only a cordial co-operation between the Army and Navy, but so much good-heartedness, that their joint efforts have tended to secure the rapid success of this Expedition. I cannot presume to say of Rear Admiral Austen, C. B., Commanding the Navy, more than to express my admiration and respect for his qualities, and to thank him for his able and never-failing assistance. Commodore Lambert, whose spirit never is at rest whilst anything is to be done, and whose heart is ever ready to accomplish what he undertakes, has my cordial thanks and warmest gratitude. I particularly wish to draw the attention of His Lordship in Council to Commander Fishbourne, of H. M.'s Steamer "Hermes," who from the first fitting out of the Expedition in Calcutta to the close of these Operations, has been indefatigable in assisting in the embarkation of Stores and Troops, and in removing difficulties, and finding resources which alone enabled the Expedition to sail at the time appointed; and nothing will give me such satisfaction as his aid, were a forward movement to be made hereafter.

My most difficult task now commences—that of recommending to the protection of the Governor General in Council a number of brave men, who have had opportunities of distinguishing themselves in a service where the utmost emulation and gallant devotion were shown by all.

I beg the Most Noble the Governor General's consideration of the services of Brigadier Elliott, who was conspicuous in every place where he could be useful; of Lieutenant-Colonel Reingold, who commands the Bengal Brigade, in consequence of Brigadier Warren's prostration by the sun, and who has borne a very large share in these Operations, including Martaban; of Lieutenant-Colonel Coote, of the 18th B. I., who commanded the storming party, when he was severely wounded; of Lieutenant-Colonel Thomson, Commanding the 40th Bengal N. I., in the assault; of Major Lockhart, Commanding the Wing of H. M.'s 80th, on the same occasion; of Major Fraser, Commanding Engineer of the Force, who not only distinguished himself most gallantly at the "White House" Stockade, but whose indefatigable exertions have never for a moment ceased; of Major Turton, who commanded the Artillery, after Lieutenant-Colonel Poord's retirement from illness, and whose labours in his department have been the cause of his suffering, I regret to say, under severe indisposition at the present moment; of Majors Reid, of the Bengal, and Montgomerie of the Madras, Artillery; of Captain Rundall, Commanding the Sappers and Miners,—to all of whom I am deeply indebted.

The Assistant Adjutant General of the Force, Captain Mayhew, was everywhere present during these three days' Operations; and the assistance he has rendered me on all occasions has been very valuable. Major Allan, the Assistant Quarter Master General, was severely wounded at the "White House" Stockade, since when Major Boulderson, my Deputy Judge Advocate General, has been performing his duties, and has rendered essential assistance since the Operations commenced. I beg to bring all three to the notice of Government.

The Officers Commanding Brigades have recommended to my notice the valuable aid they have received from their respective Brigade Majors—Captain Call of the 18th B. I. and Captain Smith of the 13th M. N. I.; and Major Turton has brought to my attention the indefatigable exertions of Lieutenant Robertson, the Deputy Commissary of Ordnance, in landing his Guns and Stores.

I beg leave to bring to His Lordship's notice the assistance I have received from my Aide-de-Camp Lieutenant Chads, of H. M.'s 64th Regiment, who was wounded at the "White House" Stockade, but did not leave me during the Operations, and Lieutenant Lambert, of the 58th N. I., who, after great exertion, was one of the victims to the sun on that day, which obliges him to return to Calcutta, and who will convey these Despatches.

In conclusion, I regret that the order of the landing of the Troops did not afford me an opportunity of availing myself of the services of the 9th Madras N. I. and 35th M. N. I., in the front, but they tended greatly to give freedom to my leading column, and will, from their soldierly bearing, doubtless do honor to the distinguished Service to which they belong, when they are brought more closely under fire.

I have the honor to be, &c.,

The "Proserpine" was sent to Moulmein the same day, to give notice of projected movements, and on the 3rd instant the "Rattler," bearing His Excellency's Flag,—the "Hermes," with the Commander of the Forces on board,—and the

"Salamander," sailed for Moulmein. Receiving Troops on board there to the number of fifteen hundred, the Squadron proceeded off Martaban, and assisted at the capture of that place on the 5th instant, the particulars of which the Commander of the Forces will have the honor of communicating to His Lordship. The "Hermes" grounded too far off to be of much use. The "Salamander," owing to her draught of water, could not come so near as was desirable: nevertheless, the shelling was most effective. The "Rattler" took up an admirable position, two hundred and fourteen yards from the Stockades: her shot and shell did much execution. The "Proserpine," admirably managed by her able Commander (whom His Excellency would beg to bring under favorable notice), received the Troops from the larger Steamers and landed them, and at the same time kept up a constant fire upon the Stockades. The only casualties that occurred in the Squadron were on board the "Rattler," where one seaman was wounded in the arm, and two of the Madras Native Infantry.

On the 7th instant, eleven hundred European Troops, with Camp-followers, Baggage, &c., were embarked in the Squadron and the Transport "Jessie," and all sailed for the rendezvous, arriving on the 8th and — instant.

SIR,

I have the honor to inform you, by desire of the Rear Admiral Commander-in-Chief, that, in compliance with an arrangement entered into between the Lieutenant-General Commander of the Forces and His Excellency, Commodore G. R. Lambert, in Her Majesty's Ship "Fox," ascended this River, in force, on the 4th instant, for the purpose of destroying the Stockades below Rangoon; thus clearing the way for the advance of the Squadron.

I have the honor to enclose a copy of a letter from the Commodore, reporting the execution of this service, in a manner which, in the opinion of the Rear Admiral, must meet with approval.

TO HIS EXCELLENCY REAR ADMIRAL C. J. AUSTEN, C. B.,

Commander-in-Chief.

SIR,

In pursuance of the instructions I had received from your Excellency, I proceeded up the Rangoon River on the afternoon of the 4th instant, taking under my orders Her Majesty's Sloop "Serpent" and the "Tenasserim" and "Phlegethon" Steamers, belonging to the Hon'ble East India Company, with three Companies of H. M.'s 18th Regiment under the Command of Lieutenant-Colonel Coote. I anchored off the Bassein Creek the same evening.

At day-light, on the morning of the 5th, I again weighed and went up the River, having previously given directions to Commander Luard, with the "Serpent" and "Phlegethon," which I placed under his orders, with one Company of the 18th Regiment to attack and destroy the DeSyria Stockade, which service he most effectually performed.

I proceeded myself with the "Fox" and "Tenasserim" to the Dunnout, and a new stockade that had recently been erected nearly opposite on the other side of the River; as we approached the Enemy opened an ill-regulated fire on us, two of their shot striking the "Fox," which was soon silenced by Her Majesty's Ship and the Steamer. The Troops and the Marines of the "Fox" were then landed, and by the evening both stockades were burnt, and the whole force re-embarked without any casualty.

I have great satisfaction in stating that the energy and good feeling displayed by both services in performing this duty, was such as to meet my highest approval; and I have to express my thanks, for the assistance I received from Lieutenant-Colonel Coote and Commanders Tarleton and Luard, as well as from the Commanders of the Hon'ble East India Company's Steam Vessels of War, "Tenasserim" and "Phlegethon."

I have, &c.,

"RATTLER," AT RANGOON, 16th April, 1852.

SIR,

In continuation of my letter of the 9th instant, reporting, for the information of the Most Noble the Governor General of India, the proceedings of the Naval Squadron employed in these Waters, I have the honor further to report, by desire of the Rear Admiral Commander-in-Chief, that on the 10th instant the Ships, Steamers and Transports commenced an advance up the River, and anchored below the Hastings' Shoal that evening.

The "Zenobia" had been sent a part of the way up on the day previous, for the purpose of watering, but, grounding on the De Sylva's Shoal, was unfortunately unable to get out of her difficulties in time to take a part in the proceedings against Rangoon.

A copy of the Rear Admiral's Order to advance is annexed (enclosure No. 1), by which it will be seen that it was intended on the following morning (Easter Sunday) to anchor above the Shoal, but out of the range of fire from the Enemy. I have the honor also to enclose a copy of the General Order for the proceedings of the Squadron while off Rangoon (enclosure No. 2). Some alteration had, however, to be made in the arrangements proposed. It was found that there would not be room for all the Ships to anchor above the Shoal out of gun-shot, without a risk of their grounding, and it was for some time debated whether the Squadron should remain below the Shoal until Monday, or advance on the Sunday morning to take up their positions off Rangoon, and risk the commencement of the action on that day. The tides and other causes decided the Authorities on adopting the latter course, and accordingly the Shoal was crossed on the morning of the 11th by each Ship as the water served. When the first vessels had anchored above it, the Dagon Pagoda fired several guns, apparently with a view to call in the people. Upon the Hon'ble Company's Steamers "Feroze," "Moozuffer" and "Sesostris," taking up their positions, fire was opened upon them from the Stockades on either side, which was returned with shot and shell. In the course of an hour an explosion took place, the importance of which was only afterwards discovered. It was that of a Stockade mounting nine eighteen-pounder guns, well planted, and would doubtless have done great mischief to our shipping, if not thus accidentally silenced so early. Upon the "Fox" advancing to take up her position, she poured effective broadsides into the Stockades on both sides of the river. After consulting the Lieutenant-General Commander of the Forces, the boats of the "Fox" landed, with a party of Seamen and Marines, and a Company of the 18th Royal Irish, and, under cover of the Ship's Guns, stormed two Stockades on the Dalla side. Although a rapid fire of musketry was kept up from many hundreds of the Enemy in these defences, yet this service was happily effected with but one man wounded on our side. Her Majesty's Sloop "Serpent" and the Hon'ble Company's Steamer "Phlegethon" then passed up the river, and anchored above Kemmendingine, in order to capture the War-boats and to prevent fire-rafts being sent down upon the Squadron. The "Rattler" and "Tenasserim" next advanced along the line, and succeeded in silencing three more Stockades. The party before alluded to, in the boats of the "Fox," and a few Seamen, with thirty of the Royal Irish from the "Rattler," stormed another on the Dalla side, driving hundreds of the Enemy out of it into the jungle. All the Stockades that had been taken were then set fire to, and burnt in succession. The Ships returned to their respective positions in readiness to land the Troops, which commenced at 4 o'clock on the morning of the 12th, without opposition from the enemy. It was discovered that the Dagon Pagoda was not so far from the Ships as was laid down in the Charts, being at a

good shelling distance; the Ships accordingly commenced throwing shells into it. In the course of the evening a Magazine blew up, and the outskirts of the Pagoda were set on fire in several directions, creating great confusion among the Enemy. Shells were occasionally thrown from the ships on the 13th instant during the day and night, frequently setting fire to the Stockades in various places. On the afternoon of that day, a large party of Men, with two elephants and riders, were seen to leave the Pagoda. It was afterwards understood that this was the Governor of Rangoon, who had quitted the Pagoda in despair of being able to hold it.

It will be the pleasing duty of the Commander of the Forces to report the advance of the Troops and the gallant storming of the White House Stockade about half a mile from the landing place, and ultimately the storming and capture of the Dagon Pagoda.

The Rear-Admiral desires further to observe that he leaves to the Lieutenant-General to report upon the conduct of the small Naval Brigade, composed as per margin,* under the Command of Senior Lieutenant S. W. Dorville, of the Flag Ship, employed with the Forces upon this occasion, in the utmost confidence that ample justice will be done to them.

"RATTLE," AT RANGOON, 16TH APRIL 1852.

TO THE MOST NOBLE THE MARQUIS OF DALHOUSIE, K. T.,

Governor General of India in Council, &c. &c. &c.

FORT WILLIAM.

MY LORD MARQUIS,

While congratulating your Lordship on the success that has hitherto attended the Expedition against Burmah, in the storming and capture of the strongholds of "Martaban" and "Rangoon", I trust your Lordship will permit me to bring under notice the support that I have received from all the Officers and men under my Command, forming the Naval part of the Expedition. The embarking and

disembarking the Troops, Baggage, and Military stores, the arrangements for the Transports and for victualling the combined Forces has furnished almost incessant night and day work for the Officers and men under my Orders. It has been done on all sides with the utmost cheerfulness; and this large force has been moved up a rapid river without any accident of moment having occurred, and I have, up to the present time, to thank every Officer and man employed under my orders for the cheerful manner in which they have undergone so much toil in this distressing climate.

To the Commodore I feel under special obligation. His local knowledge proved valuable, as his judgment and discretion were most useful. It would be impossible to value the services of an Officer, second in command, more highly than I do those of the Commodore.

Captain Lynch, Senior Officer of the Indian Navy, has, by his ability, judgment and discretion, rendered essential service.

Commander Mellersh, of my Flag Ship, and Commanders Fishbourne and Tarleton have rendered every possible assistance in carrying out all necessary arrangements. I was an eye-witness to Commander Tarleton's bravely leading his men to storm a Stockade, to his being the first to mount the walls and enter it. Commander Inard, of Her Majesty Sloop "Serpent," has been employed many months in these waters; a more zealous and indefatigable Officer is not to be met with, and relying upon his ability, he has frequently been placed in charge of responsible duties. With the assistance of the Honorable Company's Steamer "Phlegethon," commanded by G. T. Neblett, Esq., he destroyed the DeSylvia Stockades. When the action on the 11th April commenced, he passed along the line of fire in the Sloop under his Command to above Kemmending, for the purpose of preventing the removal of the War-boats, and while on this service, he was attacked by a very important Stockade, and an Officer (Mr. G. Spruell, Assistant Surgeon,) and seven of his men were wounded, but which he ultimately succeeded in silencing. Before the commencement of the War, he took great pains in surveying the Coast and River, and his information was afterwards of great use.

The Commanders and Officers of the Indian Navy, and of the Hon'ble Company's Unconquered Service have, without a single exception, performed their duties with all possible alacrity. Commander Brooking of the "Proserpine" had, at Martaban, an opportunity of particularly distinguishing himself, of which he took good care to avail himself, and it is with great regret that I found myself under the necessity of leaving him at Moulmein for the protection of British interests, and thus losing his valuable services here.

Lieutenant George Rice, in temporary command of the "Maha Nuddee," rendered essential service to the cause. Admirably handling his little vessel, he landed men on the beach to storm Stockades, covering their landing with his own guns, and at the storming of them, he was to be seen among the foremost ranks. In landing men, stores, and baggage, and ascending the narrow creeks of this river, the "Maha Nuddee," has proved most useful.

Senior Lieutenant J. Dorville, of my Flag Ship, commanded the Naval Brigade at the capture of Rangoon; and from the flattering manner in which the Commander of the Forces has been pleased to speak of his services, I feel assured he must be honorably mentioned in the Lieutenant-General's Despatches.

Among those that have fallen victims in the service of their Country upon this occasion, it is my painful duty to record that of the Rev. Thomas T. Baker, Chaplain of Her Majesty's Ship "Fox." Incessantly employed in administering to the wounded and dying, and in burying the dead, he fell a victim to the prevailing epidemic, cholera, on the 16th instant, leaving, I am informed, a widow and young family, who were wholly dependent on him for support.

I was an eye-witness to the indefatigable exertions of Dr. Minter, Surgeon of the "Fox," at the Hospital on shore, and on board the "Tubal Cain." Dr. Montgomery, Superintending Surgeon, expressed himself to me as being under the greatest obligations to him for his assistance. In addition to the duties performed by Dr. Minter at the Hospital, he had those of his own ship to attend to, where the cholera had broken out with some virulence. Mr. Seccombe, Assistant Surgeon of the "Hermes," was also employed at the Hospital on shore.

In conclusion, I beg to remark that the whole conduct of the Officers and men under my Orders, employed on the present Expedition, has been such as reflects much credit on themselves, and the Services to which they respectively belong.

I have the honor to be,
My Lord MARQUIS,
Your Lordship's Most Obedt., Humble Servant,
(Signed) CHARLES JNO. AUSTEN,
Rear Admiral, Commander-in-Chief.

No. 1.

FROM LIEUTENANT GENERAL H. GODWIN, C. B.,

Commanding the Forces in Ava, Arracan and Tenasserim,

To C. ALLEN, ESQUIRE,

Secy. to the Government of India,

Foreign Department, Fort William.

MOULMEIN, 6th April 1852.

SIR,

I have the honor to acquaint you, for the information of the Most Noble the Governor-General in Council, that the force under my command left the Sand Heads on the 20th of March, for the Rangoon River, the place of rendezvous for the combined Force, from Bengal and Madras, where it arrived on the 2nd of April.

In obedience to my instructions, a flag of Truce was immediately sent up to Rangoon, to inquire if any communication had arrived from the Court of Ava, in reply to the terms sent up to

the Burmese Government, for the adjustment of the violence committed on the subjects of Her Majesty by the authorities at Rangoon. The flag was in charge of Captain Latter of the Bengal Army, and conveyed in the Hon'ble Company's Steamer "Proserpine," Commander Brooking.

On reaching the stockades that guarded the river on both its banks, the flag was fired on, and it was only by the excellent arrangement and brave conduct of Commander Brooking that his ship extricated herself, inflicting on the enemy a severe chastisement, by blowing up a powder magazine, and destroying many men.

I found, on my arrival at the rendezvous, that the Madras Division had not made its appearance, nor were there tidings of it, so that I resolved to go to Moulmein, and make arrangements for the capture of Martaban.

In the Rangoon river, I found that Rear-Admiral Austen, c. n., the Naval Commander-in-Chief, had just arrived from Penang in H. M.'s Steamer "Rattler." His Excellency and Commodore Lambert immediately came on board the "Hermes," Commander Fishbourne, in which I had my Head-Quarters, when it was agreed, in conference, that the Admiral would accompany me to Moulmein, with H. M.'s Steamers "Hermes," "Rattler" and "Salamander," sending in advance to the mouth of the Martaban river the H. C. Steamer "Proserpine." We accordingly left the Rangoon river at daybreak on the 3rd April, reached Moulmein the next day at noon. Orders were immediately issued for the Troops to be in readiness for embarkation by 4 p. m. and by that evening a wing of H. M.'s 18th R. I., a wing of H. M.'s 80th Regt., a wing of the 26th Madras Native Infantry, with details of Bengal European Artillery, and Madras Sappers, in all about 400 men, were on board.

Martaban stands on a noble sheet of water, with a river line of defences of about 800 yards. Inland lies a large Pagoda, a wall running along the whole front, with an ascent from the water's edge of about 500 feet, on the top of which small Pagodas stand, the slope being partially covered with fine trees and close jungle.

Arrangements were made for the attack at day-break of the 5th. The Rear-Admiral made every disposition possible, in waters full of shoals and violent currents, for bombarding the position with his five Steamers, and to cover the landing of the Troops. It was the admiration of every one to witness the noble manner the "Rattler" worked her way to within 200 yards of the wall, and close to the Pagoda, doing tremendous execution. I changed from the "Rattler" at six o'clock to superintend the landing of the Troops, and went on board the "Proserpine," a smaller vessel, with my Staff. Colonel Reignolds commanded the attack. At half past 6, the Steamer opened fire, and at 7 the Troops were in the boats, and landed by the indefatigable exertions of Commander Brooking, under a smart fire of musketry and guns. Soon was the storming party under the walls, and over them, with less loss than I thought possible. Lieut. Col. Reignolds immediately ascended to the Pagodas on the height, and took possession of them after some skirmishing with the Enemy.

At 8 a. m. Martaban was our own, and considering the Enemy's position and numbers, which report gives at 5,000 men, we have got it very cheaply.

I have to ask His Lordship's, and the Council of India's, best consideration of the services of Lieut.-Col. Reignolds, of the 18th R. I., to whom is due the credit of this day's endurance of severe fatigue and privation under a burning sun.

To Captain Gillespie, in command of the Grenadiers of the 18th R. I., whom I saw first on the wall, the soldier following him receiving three wounds, to Captain Campbell, who commanded the wing of the 18th R. I.; to Major Lockhart, in command of the wing of the 80th Foot, to Lieut.-Col. Johnston, commanding the wing of the 26th Regt., Madras Native Infantry, and to Capt. Randall, commanding the Detachment of Madras Sappers and Miners, my warm approbation is due.

I beg also to recommend to the consideration of His Lordship in Council, the Assistant Adjutant General of the Force, Captain Mayhew, whose exertions, during the disembarkation of the Troops, tended greatly to its success, as also my Aides-de-Camp, Lieut. Chada, of H. M.'s 64th Regt., and Lieut. Lambert, of the 56th N. I., son of the Commodore, who were highly useful to me during the whole day.

Major Fraser, the Commanding Engineer of the Force, and Major Turton, in command of the Bengal Artillery, were with me the whole day, but from the nature of the Operations, their particular services were not called into play, though they had made every disposition for the efficiency of their respective departments.

It will be obvious from the foregoing how greatly the success of the Operations I have detailed has depended on the co-operation of the sister branch of the Service. His Excellency, Rear-Admiral Austen, c. n., has throughout afforded me the most cordial assistance. Her Majesty's Steamers "Rattler," "Hermes" and "Salamander," worked in concert with the Troops throughout the day.

On my departure to-morrow, I intend to take with me to the Rangoon River the wings of the 18th and 80th Regiments, and the company of Bengal Artillery, and the detachments of Madras Sappers and Miners, doing duty at Moulmein.

In conjunction with Lieut.-Col. Bogle, the Commissioner of these Provinces, I have put the 26th Madras N. I., and a Company of European Madras Artillery, with a suitable Battery of Guns, as a Garrison at Martaban, relievable from Moulmein, when it may be thought desirable.

In addition to which a War Steamer has been placed by the Naval Commander-in-Chief on the Station. These arrangements are, I think, adequate to the protection of the place, and will, I trust, meet with the approbation of the Government of India.

In conclusion, I beg to remark that I am greatly indebted to Lieut.-Col. Bogle, who accompanied me during the whole of the operations of the 5th, and was, from his local knowledge, of much use to me.

I have, &c.,

No. 3.

FROM LIEUTENANT-GENERAL H. GODWIN, C. B.,
Commanding the Forces in Ava, Arracan and Tenasserim,

To C. ALLEN, Esq.,
Offg. Secretary to the Govt. of India,
Foreign Department.

SIR,

On my return from Martaban on the 6th of April, I had the satisfaction to find the Madras Division had arrived on the previous day, so that no time had been lost by my going to Martaban. It was arranged that during my absence at Moulmein, Commodore Lambert should, on the 6th instant, aided by some Troops, destroy the Stockades on the Rangoon River, which had long been troublesome, and had fired on the "Flag of Truce." This had been so effectually performed, as to leave hardly a sign of where the Stockades had stood.

I shall now have the satisfaction of acquainting you, for the information of the Most Noble the Governor General in Council, of the proceedings of this Force, inclusive of the Capture of the Great Dagon Pagoda at Rangoon, and the consequent fall of all around it.

The 9th of April I devoted to making every disposition for the landing of the Troops, and to becoming acquainted with the Heads of Departments of the Madras Division. I informed the Admiral on the evening of that day, that my preparations were complete, and His Excellency proceeded up the River the next day, close off Rangoon. On the 11th, the Admiral moved opposite the old Town, with the intention the next morning to bombard the whole line of Stockades on both banks of the River; but some of the Flotilla, getting very near the shore, were fired on, which brought on a return from our side, and ended in the general destruction of the whole line of Defences, though the fire of the Enemy proved fatal to many on board the Shipping. The Admiral and Commodore took a most distinguished part in the operations, landing and setting fire to all around them. This powerful attack, from the Steam Frigates of both Her Majesty's and the Hon'ble Company's Navy, completely cleared the ground for nearly a mile for our landing. On Monday the 12th, at day-break, the Troops were ready, and by about 7 A. M. I had landed Her Majesty's 51st Light Infantry, the 18th Royal Irish, the 40th Bengal Native Infantry, and part of my Artillery. The Bengal Guns, under Major Reid, were ordered to move in advance, covered by four Companies of the 51st Light Infantry. They had not proceeded far, however, when on opening some rising ground to our right, Guns opened on us, and shortly after skirmishers showed themselves in the Jungle. This was a new mode of fighting with the Burmese, no instance having occurred last War of their attacking our Planks, or leaving their Stockades, that I remember ever to have taken place. I make this remark as they are now not only good shots, but bold in their operations, and clever in selecting their ground and covering themselves. Our casualties for the past three days will prove it, our dress exposing us, and the garb and color concealing them.

On looking at the Stockade whence the fire came, I perceived it was a strong work, which used to be called in the last War the "White House" Picquet, a very strong position, and just in the way of our advance. A Battery of four Guns was immediately opened on it by Majors Reid and Oaks, the whole being under the command of Lieutenant-Colonel Foord, Commandant of that Arm. The fire of these Guns was very effective. A storming party was formed of four Companies of the 51st Light Infantry, under Lieutenant-Colonel St. Maur, with the Madras Sappers under Major H. Fraser, Commanding Engineer, and advanced under cover of a Jungle; on getting through which, the Musketry was so steady and effective from the Stockades, and adjoining buildings, that a great many of our party were killed and wounded, amongst whom were several Officers. I have to deplore the temporary loss of Lieutenant-Colonel Bogle, the Commissioner of the Tenasserim Provinces, who was very bravely attending the Army to witness its operation. Major Fraser took the Ladders to the Stockade most gallantly, and alone mounted the defences of the Enemy, where his example soon brought around him the storming party, which carried the Stockade; but at very severe loss on our part.

It was my intention to move on to the main object of our operations; but on looking around me at the complete exhaustion of the storming party, it now being 11 o'clock, under a sun that may be understood, since Major Oaks, of the Madras Artillery, was struck down by it, at his Battery, and died. Brevet Major Griffith, Madras Army, whilst conveying an order, died on the road. Lieut.-Colonel Foord, Commandant of Artillery, was nearly a victim to the heat, and obliged to quit the field. Brigadier Warren and Lieut.-Colonel St. Maur also suffered greatly: so that under such destruction I resolved to halt where I was, and concentrate the Force in as strong a position as the country admitted of. We were teased by parties of the Enemy hovering around us till the night closed, when all was quiet under the protection of our Guns, which had been brought up to the front.

On Tuesday, the 13th, it was reported the heavy Battery Guns could not be landed, and with me, before the middle of that day; and also that rations for the Troops could not be prepared in time to enable me to advance. I therefore held my position till the next morning.

His Lordship in Council knows well the spot where I proposed to force my way into the Great Pagoda; and the road I was about to move on entirely turned all the defences of this real stronghold. The present position of Rangoon is entirely altered since the last War within a few years, the old Town, which stood on the River bank, has been utterly destroyed, its bricks now lying in heaps on its site. A new Town has been formed about a mile and quarter from the River, it is nearly a square, with a bund or mud-wall about sixteen feet high and eight broad; a ditch runs along each side of the square, and on the North side, where the Pagoda stands, it has been very cleverly worked into the defences, to which it forms a sort of Citadel. The distance from the Pagoda to the South entrance of the Town is about $\frac{2}{3}$ of a mile, and it is something more than that breadth from East to West. The old road from the River to the Pagoda, comes up to the South Gate running through the new Town, and it was by this road the Burmese had settled that we should attack it,—and where they had made every preparation to receive us, having armed the defences with nearly a hundred pieces of cannon, and other missiles, and with a Garrison of at least ten thousand men. The attempt to assault on this side, would, I am convinced, from the steady way the Burmese defend their works, have cost us half our Force.

On Wednesday the 14th, the Troops were under arms, at 5 A. M., all in as fine a temper as ever men were. Our march was to the North-west, through thick Jungle, four light Guns, 9 p., their flanks protected by 2 Companies of H. M.'s 80th Regiment, the rest of the Wing of that Corps following with two more Guns, and the 18th Royal Irish and the 40th B. N. I. formed the advance. The 51st L. I. and the 35th M. N. I. were in reserve, the 9th M. N. I. keeping open the communication with the Shipping. We proceeded in this order for about a mile, when we opened the Great

Pagoda, and its fire was turned on us. An excellent position for two Guns was taken by Major Turton, to our left flank—these were left under the command of Major Montgomerie, of the Madras Artillery, who served them well. The ground to the front getting very difficult, barely admitted of the 80th and Royal Irish occupying it in close order. We had now completely turned the Enemy's position, having passed their Stockaded Town, and got opposite the East side of the Great Pagoda—our main object. Major Turton informed me that he had a favorable position to place in Battery his heavy Guns; but it took some time to bring them up—a service in which the Navy Brigade, of about 120 men, under the command of Lieutenant Dorrille, of H. M.'s Frigate "Fox," assisted by the Artillery, rendered their invaluable aid, under a heavy fire of Guns and Wall Pieces from the Great Pagoda and Town, from which they suffered severely: whilst this was going on, the Enemy's Artillery had got the range of our crowded position, and their Skirmishers had somewhat closed on us, and it took 500 men to keep down their fire. The practice of the heavy Battery, under Major Back, was very effective. My intention was to have stormed the Pagoda at noon; but at a little after 11, Captain Latter, of the Bengal Army, my Interpreter, assured me he felt confident from what he could see of the East entrance of the Pagoda, on which our Battery was playing, that the entrance was clear, and that he was prepared to show the way. As our people were dropping fast where we stood, I determined on an immediate assault. The storming party was formed of the Wing of H. M.'s 80th Regiment under Major Lockhart, two Companies of the Royal Irish under Lieutenant Hewitt, and of two Companies of the 40th B. N. I. under Lieutenant White, the whole commanded by Lieutenant-Colonel Coote, of the 18th R. I.,—Captain Latter accompanying the party to show the road. The advance to the East entrance of the Pagoda was of about 800 yards, which the Troops crossed in a most steady manner under the fire of the walls crowded with the Enemy, the remainder of the Force following closely. When the storming party reached the steps, a tremendous rush was made to the upper terrace, and a deafening cheer told that the Pagoda no longer belonged to the Burmese. The Enemy ran in confusion from the Southern and Western Gates, where they were met by fire of the Steamers. All the country around has fallen with the Pagoda, and, I understand, the once strong post of Kemmending has been abandoned and destroyed.

In this united service, there has been not only a cordial co-operation between the Army and Navy, but so much good-heartedness, that their joint efforts have tended to secure the rapid success of this Expedition. I cannot presume to say of Rear Admiral Austen, C. B., Commanding the Navy, more than to express my admiration and respect for his qualities, and to thank him for his able and never-failing assistance. Commodore Lambert, whose spirit never is at rest whilst anything is to be done, and whose heart is ever ready to accomplish what he undertakes, has my cordial thanks and warmest gratitude. I particularly wish to draw the attention of His Lordship in Council to Commander Fishbourne, of H. M.'s Steamer "Hermes," who from the first fitting out of the Expedition in Calcutta to the close of these Operations, has been indefatigable in assisting in the embarkation of Stores and Troops, and in removing difficulties, and finding resources which alone enabled the Expedition to sail at the time appointed; and nothing will give me such satisfaction as his aid, were a forward movement to be made hereafter.

My most difficult task now commences—that of recommending to the protection of the Governor General in Council a number of brave men, who have had opportunities of distinguishing themselves in a service where the utmost emulation and gallant devotion were shown by all.

I beg the Most Noble the Governor General's consideration of the services of Brigadier Elliott, who was conspicuous in every place where he could be useful, of Lieutenant-Colonel Reigold, who commands the Bengal Brigade, in consequence of Brigadier Warren's prostration by the sun, and who has borne a very large share in these Operations, including Martaban; of Lieutenant-Colonel Coote, of the 18th R. I., who commanded the storming party, when he was severely wounded; of Lieutenant-Colonel Thomson, Commanding the 40th Bengal N. I., in the assault; of Major Lockhart, Commanding the Wing of H. M.'s 80th, on the same occasion; of Major Fraser, Commanding Engineer of the Force, who not only distinguished himself most gallantly at the "White House" Stockade, but whose indefatigable exertions have never for a moment ceased; of Major Turton, who commanded the Artillery, after Lieutenant-Colonel Foord's retirement from illness, and whose labours in his department have been the cause of his suffering, I regret to say, under severe indisposition at the present moment; of Majors Reid, of the Bengal, and Montgomerie of the Madras, Artillery; of Captain Rundell, Commanding the Sappers and Minors,—to all of whom I am deeply indebted.

The Assistant Adjutant General of the Force, Captain Mayhew, was everywhere present during these three days' Operations; and the assistance he has rendered me on all occasions has been very valuable. Major Allan, the Assistant Quarter Master General, was severely wounded at the "White House" Stockade, since when Major Boulderson, my Deputy Judge Advocate General, has been performing his duties, and has rendered essential assistance since the Operations commenced. I beg to bring all three to the notice of Government.

The Officers Commanding Brigades have recommended to my notice the valuable aid they have received from their respective Brigade Majors—Captain Call of the 18th R. I. and Captain Smith of the 13th M. N. I.; and Major Turton has brought to my attention the indefatigable exertions of Lieutenant Robertson, the Deputy Commissary of Ordnance, in landing his Guns and Stores.

I beg leave to bring to His Lordship's notice the assistance I have received from my Aide-de-Camp Lieutenant Chads, of H. M.'s 64th Regiment, who was wounded at the "White House" Stockade, but did not leave me during the Operations, and Lieutenant Lambert, of the 40th N. I., who, after great exertion, was one of the victims to the sun on that day, which obliges him to return to Calcutta, and who will convey these Despatches.

In conclusion, I regret that the order of the landing of the Troops did not afford me an opportunity of availing myself of the services of the 9th Madras N. I. and 85th M. N. I., in the front, but they tended greatly to give freedom to my leading column, and will, from their soldierly bearing, doubtless do honor to the distinguished Service to which they belong, when they are brought more closely under fire.

I have the honor to be, &c.,

The Most Noble the Governor General in Council directs that the following Extract of a further Despatch received from Lieutenant-General Godwin, C. B., Commanding the Forces in Ava, Arracan and Tenasserim Provinces, dated the 22nd ultimo, be published for general information:

"I sincerely regret having omitted to bring to the notice of the Most Noble the Governor General in Council, in my Despatch, No. 3, of the 18th instant, how much I am indebted to Mr. Crisp, Junior, for his able assistance in conducting the Army through very difficult ground, on its progress to the Great Pagoda, which he performed under the fire of the Enemy with great coolness and courage.

"I rejoice greatly to say the wounded are doing very well; the skill, the labour, the attention, and the humanity of Superintending Surgeon Montgomerie, and of the Medical Department generally under him, call for the warmest approbation of the Government.

"Major Fraser, Commanding Engineer, has been indefatigable in his exertions in his own Department, and indeed every where, to get this place into some order and cleanliness.

"He has requested me to bring to the notice of the Governor General in Council the gallant conduct of 2nd Lieutenant W. S. Trevor, Assistant Field Engineer, who was the first on the ladder, and there wounded, at the White House Stockade, on the 12th,—as also of Lieutenants Craster, Bengal, and Mayne, Madras Engineers, who were very forward on the same occasion.

"My greatest pleasure, however, is to bring before His Lordship in Council the admirable conduct and temper of this Force—its discipline and regularity of demeanour are unexceptionable."

The Governor General in Council has great satisfaction in acknowledging the skill and attention exhibited by Superintending Surgeon Montgomerie, and he rejoices to learn that by the exertions of the Medical Department the wounded men are doing well.

The Governor General in Council begs to offer his thanks to the Officers now brought under his notice; to Lieutenant Trevor and to Lieutenant Craster, Bengal Engineers; to Lieutenant Mayne, Madras Engineers, as well as to Mr. Crisp, Junior, whose service has been noticed by the Lieutenant-General.

No. 277 of 1852.—The following Notification from the Foreign Department, is re-published in General Orders:

Foreign Department,

Fort William, the 29th April 1852.

NOTIFICATION.—The Governor General of India in Council, having failed to obtain redress from the Court of Ava for injuries which had been in-

dicted on British Subjects, in gross violation of existing Treaties, was compelled to declare that reparation should be exacted by force of Arms.

To that end an Expedition was immediately prepared and despatched to the Coast, in the hope that a blow promptly struck against the Burmese Power might possibly lead to a concession of the just and moderate demands advanced by the Government of India, and might thus avert the necessity for engaging in extended and costly war.

The Governor General in Council has had the satisfaction of publishing, for general information, Despatches, which announce the success of the Expedition, in the capture of Martaban, in the destruction of the formidable defences constructed along the River, and in the assault and occupation of the fortifications of Rangoon.

The Governor General in Council cannot employ terms too strong in expressing his unqualified approbation of the brilliant service which has thus been performed, and his gratitude to those by whose joint exertions it has been achieved.

His admiration is due equally to the perfect cordiality and concert with which Navy and Army have acted together, to the gallantry which has been conspicuous in the Field, and to the fortitude and patience with which all have endured, without a murmur, a fierceness of climate, whose deadly influence is unhappily too well attested by the number of those who have fallen victims to its effects.

The Governor General in Council especially desires to offer to the Commander-in-Chief of Her Majesty's Naval Forces in these Seas his warm acknowledgments of the ready co-operation, and of the very effective aid which His Excellency has afforded to the Government of India, by the powerful Squadron under his command, whose operations he has so ably directed, and in whose services he has borne so distinguished a part.

To Lieut.-Genl. Godwin, Commanding the Forces in Ava, the Governor General in Council begs leave to tender his most full and cordial thanks, for the manner in which, by his intrepidity, his energy and ability, he has brought the Military Operations of the Force to their present successful issue; and to congratulate him upon having thus won fresh and higher honor upon the same scene on which he formerly gained so much distinction.

The Governor General in Council has great satisfaction in publicly rendering to Commodore Lambert his sincere acknowledgments of the promptitude with which he gave his assistance to the Government of India, of his constant exertions on its behalf during a trying service, and especially of the prominent share he has now borne in the destruction of the River defences; thus materially facilitating the movements of the Squadron and the ultimate success of the attack.

The best thanks of the Governor General in Council are due to Brigadier Elliott, Commanding the Madras Brigade, and to Lieutenant-Colonel Reigolds, who, after having taken a part in every operation of the Troops, has assumed the command of the Bengal Brigade, from which illness, which the Governor General in Council regrets, has removed Brigadier Warren.

The Governor General in Council is happy to record his appreciation of the essential service rendered by Captain Lynch, the senior officer of the Indian Navy, to whose ability, judgment, and discretion His Excellency the Rear Admiral has borne his testimony on this occasion.

And His Lordship in Council at the same time desires to mark his sense of the services of Commander Mellersh, of Commander Fishbourne, by whose aid the Government has largely profited; of Commander Tarleton, Commander Luard, Lieutenant Rice, R. N., Captain Niblett, of H. C. S. "Phlegathon," and of Surgeon Minter, whose personal exertions have been severally commended by His Excellency.

The Governor General in Council has to add his marked acknowledgments of the valuable assistance afforded during the attack on the land defences of Rangoon by Lieutenant Dorville, R. N. and the Naval Brigade under his orders.

The Governor General in Council has further remarked with gratification the distinguished conduct of Captain Brooking, of H. C. Steamer "Proserpine." His Lordship in Council wishes to express his warm approbation of conduct which has elicited the applause, both of the Admiral, and of the General who witnessed it.

The conspicuous gallantry of Major Fraser, commanding the Engineers, and his indefatigable exertions since the expedition was resolved upon, more especially in the field, command the highest praise and the best thanks of the Supreme Government.

To Lieutenant Colonel Foord, Commanding the Artillery; to Major Turton and Major Reid, of the Bengal Artillery; to Major Montgomerie, of the Madras Artillery; to Lieutenant Colonel Coote, of Her Majesty's 18th, who has been severely wounded; to Lieutenant Colonel Thomson, of the 40th Native Infantry; to Lieutenant Colonel Johnson, of 26th Madras Native Infantry; and to Major Lockhart, of Her Majesty's 80th Regiment; to Captain Mayhew, Deputy Adjutant General, whose value is specially remarked; to Captain Allan, Deputy Quarter Master General; to Captain Call and Captain Smith, Brigade Majors; to Lieutenant Robertson, Deputy Commissary of Ordnance; to Captain Gillespie, who led the assault at Martaban, and Captain Campbell, of Her Majesty's 18th; to Captain Randall, Commanding Madras Sappers and Miners; to Captain Chads and Lieutenant Lambert, Aides-de-Camp to the Lieutenant General, the services of all of whom have been noticed with approbation by General Godwin, the Governor General in Council begs to offer his earnest thanks.

The Governor General in Council has to offer his thanks to Lieutenant Colonel Bogle, Commissioner of the Tenasserim Provinces, for the valuable aid he rendered to General Godwin in connexion with the attack upon Martaban; and His Lordship in Council particularly desires to record his approbation of the energetic and successful exertions of the Commissioner in giving effect to the preparations of the Government for ensuring, as far as possible, the health and comfort of the troops to be employed upon the expedition.

Captain Latter, who has discharged his functions hitherto to the entire satisfaction of the Government, has added to his claims by the duty which he well performed in the assault on the Pagoda at Rangoon.

Not only to the Officers he has thus specially named, but to all the Officers, to the Non-Commissioned Officers, of whatever designation, and to the Soldiers and Sailors of the force, the Governor General in Council desires to convey his true and hearty thanks for the alacrity, the endurance, the bravery and good conduct they have displayed during the several operations in which they have been engaged.

The Governor General in Council deeply laments to know that our success has not been achieved without the sacrifice of valued lives.

He deplores the loss of Major Oakes and of Brevet Major Griffiths, of the Madras Artillery; of Lieutenant Armstrong, of H. M.'s 51st Regiment; of Lieutenant Donaldson, of Bengal Engineers; of Lieutenant Doran, of H. M.'s 18th, who nobly perished in the front of the assault; and of the Reverend Mr. Baker, Chaplain of H. M.'s Ship "Fox," and other brave men who died in the performance of their several duties in the service of their country.

It shall be the first care of the Most Noble the Governor General in Council, to bring the conduct and services of the Naval and Military forces on the Coast of Burmah under the most favourable notice of Her Majesty's Government and of the Hon'ble East India Company.

By order of the Most Noble the Governor General in Council.

The following Act, passed by the Governor General of India in Council, on the 30th April 1852, is hereby promulgated for general information:

ACT NO. XXII. OF 1852.

To avoid doubts as to the validity of certain decisions in summary suits for arrears of rent, and of certain sales of Putnee Talooks and other saleable tenures.

Whereas by Regulation VIII. of 1831 of the Bengal Code the hearing and decision of summary suits or claims relating to arrears or exactions of rents were transferred from the Judges of the Zillah or City Courts to the Collectors of the several Districts; and whereas, by Regulation VII. of 1832 of the Bengal Code, the superintendence of the sales of Putnee Talooks and other saleable tenures of the class specified in Clause 1, Section VIII. Regulation VIII. of 1819 of the same code, was transferred to the Collector or Deputy Collector of Land Revenue, or Head Assistant to the Collector or Deputy Collector, subject to an appeal as therein provided; and whereas by Act VIII. of 1835 the conduct of sales of Talooks or other saleable tenures in execution of summary decrees for rent, in conformity with Regulation VII. of 1799 of the same Code, was transferred to the Collectors of Land Revenue; and whereas doubts have been entertained in some instances as to the District within which such summary suits or claims should have been decided, and such sales made, by reason that the jurisdiction of the several Zillah and City Courts is not conterminous with the jurisdiction of the several Collectors of Land Revenue, It is enacted as follows:

1. No order or decision already made in any such summary suit, and no such sale as afore-

said, already made, which has not been questioned before a Court of competent judicature before the passing of this Act, on the ground of having been decided or made by a Collector of Land Revenue, his deputy or duly authorized assistant, having no jurisdiction therein, shall be liable to be annulled or disputed on that ground.

" I sincerely regret having omitted to bring to the notice of the Most Noble the Governor General in Council, in my Despatch, No. 3, of the 18th instant, how much I am indebted to Mr. Crisp, Junior, for his able assistance in conducting the Army through very difficult ground, on its progress to the Great Pagoda, which he performed under the fire of the Enemy with great coolness and courage.

" I rejoice greatly to say the wounded are doing very well; the skill, the labour, the attention, and the humanity of Superintending Surgeon Montgomerie, and of the Medical Department generally under him, call for the warmest approbation of the Government.

" Major Fraser, Commanding Engineer, has been indefatigable in his exertions in his own Department, and indeed everywhere, to get this place into some order and cleanliness.

" He has requested me to bring to the notice of the Governor General in Council the gallant conduct of 2nd Lieutenant W. S. Trevor, Assistant Field Engineer, who was the first on the ladder, and there wounded, at the White House Stockade, on the 12th,—as also of Lieutenants Craster, Bengal, and Mayne, Madras Engineers, who were very forward on the same occasion.

" My greatest pleasure, however, is to bring before His Lordship in Council the admirable conduct and temper of this Force—its discipline and regularity of demeanour are unexceptionable."

The Governor General in Council has great satisfaction in acknowledging the skill and attention exhibited by Superintending Surgeon Montgomerie, and he rejoices to learn that by the exertions of the Medical Department the wounded men are doing well.

The Governor General in Council begs to offer his thanks to the Officers now brought under his notice; to Lieutenant Trevor and to Lieutenant Craster, Bengal Engineers; and to Lieutenant Mayne, Madras Engineers, as well as to Mr. Crisp, Junior, whose service has been noticed by the Lieutenant-General.

the 30th April 1852.

The following Act, passed by the Governor General of India in Council, on the 30th April 1852, is hereby promulgated for general information:

ACT No. XXII. of 1852.

To avoid doubts as to the validity of certain decisions in summary suits for arrears of rent, and of certain sales of Putnee Talooks and other saleable tenures.

Whereas by Regulation VIII. of 1831 of the Bengal Code the hearing and decision of summary suits or claims relating to arrears or exactions of rents were transferred from the Judges of the Zillah or City Courts to the Collectors of the several Districts; and whereas, by Regulation VII. of 1832 of the Bengal Code, the superintendence of the sales of Putnee Talooks and other saleable tenures of the class specified in Clause 1, Section VIII. Regulation VIII. of 1819 of the same code, was transferred to the Collector or Deputy Collector of Land Revenue, or Head Assistant to the Collector or Deputy Collector, subject to an appeal as therein provided; and whereas by Act VIII. of 1835 the conduct of sales of Talooks or other saleable tenures in execution of summary decrees for rent, in conformity with Regulation VII. of 1799 of the same Code, was transferred to the Collectors of Land Revenue; and whereas doubts have been entertained in some instances as to the District within which such summary suits or claims should have been decided, and such sales made, by reason that the jurisdiction of the several Zillah and City Courts is not continuous with the jurisdiction of the several Collectors of Land Revenue, It is enacted as follows:

1. No order or decision already made in any such summary suit, and no such sale as aforesaid, already made, which has not been questioned before a Court of competent jurisdiction before the passing of this Act, on the ground of having been decided or made by a Collector of Land Revenue, his deputy or duly authorized assistant, having no jurisdiction therein, shall be liable to be annulled or disputed on that ground.
